

After the Liberal government was voted in, I provided a Sworn Affidavit to the Liberal Cabinet to help bring them up to speed on the observations I had made as a delegate of the Line 9 hearings. It was presented to them in January 2016. A copy was given to my Liberal MP Bardish Chagger and to my Provincial NDP MPP Catherine Fife.

I was a delegate at the Line 9 phase 1 hearing regarding a pipeline from Sarnia to Westover Ontario as well as the Line 9B hearings regarding the line from Westover Ont. To Montreal. Enbridge named these processes and technically there is no Line 9 phase 2 nor is there a Line 9A process which I found rather interesting.

Never the less the function of this document was to bring the current cabinet up to speed on issues specific to Enbridge Line 9 pipeline based on what I witnessed and what I have done. I want to assure that there is no plausible deniability in regards to these issues at the Government level. They have been fully informed.
